## Here are some messages of Summer School participants to you:

*In the summer school I improved my language skills thank to the pleasant and familiar atmosphere and the competent and friendly teachers. Moreover I learned more about the Slovak culture, the way Slovak are and how they live. With their committed and heartily way the staff of the summer school succeeded in awaking my enthusiasm for Slovakia and the Slovak language. Furthermore I appreciated the amusing support and infotainment by the two animators. They made sure that we enjoyed ourselves at sightseeing or in the evenings at the beautiful city-centre. Thank you all for an instructive and unforgettably nice summer in Bratislava!*

*Everyone was friendly, professional, and patient with my needs in the classroom and the extra cultural activities. Also, the school helped with additional needs such as accommodation, transportation needs, and showing us around town. The staff was always available for whatever help we might require in adjusting to the environment and learning the Slovak language.*

**Christian, USA**

*The summer course is an excellent way to learn the language for foreigners. It teaches you the basic of Slovak grammar; immerse you in Slovak culture and social events. You will practice a lot your conversational skills. Teachers are keen in helping students to speak in Slovak what ever their level.*

*This course gave me a very good framework and basis to keep learning Slovak. At first I hardly spoke and after three weeks I can finally keep a basic conversation with my parents-in-law.*

**Francisco, Mexico**

*A course not to be missing. Small, compact and very personal. I doubled or tripled my weeks. Anybody thinking of relocating to this to attend and enjoy. The contacts with other business and social contacts in Slovakia in 3 country must do this course. Definitely a course students and teachers and entertainers are worth their weight in gold.*

*I had really a great time. And actually I can't believe that it finished. Thank you for everything. I am sure that I'll continue my studying process but even now I am feeling that my language has improved a lot. And also I would like to write some words about the atmosphere which was during all time. It was really great. I felt myself very free and in secure. Everything was organized really well, the learning process, the trips, etc. I met a lot wonderful people here. Thank you very much for this nice "dream"...*

**Alexandra, Russia**

*The summer course is undoubtedly helping in getting more strong basis by reviewing the main subjects. The lectures, travels and other extra curricular activities do help in better understanding social, historical and cultural aspects about Slovakia.*

*Summer School of the Slovak language is a wonderful experience. The program immerses you into the Slovak culture in many unforgettable ways. In addition to being taught a language, you also gain a sense of Slovak culture in its present day and what has changed from years prior. I highly recommend this program if you like to meet people who share the same passion for language and culture.*
